BATHROOM COLLECTION

A DISTINCTIVE MEMBER OF THE HOUSE OF ROHL

THE STORY CRAFT TELLS

Perrin & Rowe is a member of the House of Rohl, a collection of artisan brands recognised for their artistry and heritage.

The Rohl family have spent a lifetime seeking stories of dedication, passion and craft. They have brought together diverse brands, exceptional in their category, that complement each other. Independent spirits, but shared values. A belief that quality starts with the material, design is in the detail and craftsmanship is paramount.

Distinctive stories are what makes life exceptional. At the House of Rohl, we discover time-honoured craft, revealing stories unlike any other. Stories of place and provenance. Stories of ingenuity and invention. Stories of a relentless pursuit of perfection.

Welcome to the House of Rohl®

PERRIN & ROWE

Over forty years ago in East London, friends Bob Perrin and Greg Rowe began an extraordinary partnership.

Working together, they combined a talent for design with a delight in solving engineering problems. They made their name and international reputation by producing the world's first 3-in-1 tap that dispensed filtered water through a dedicated waterway. Their ethos of British design, engineering and craftsmanship is enshrined in the Perrin & Rowe brand.

ARMSTRONG

For 50 years, from 1858, the Stafford Road Works in Wolverhampton built over 800 locomotives for the Great Western Railway.

Most were designed by two brothers, Joseph and George Armstrong. Inspired by their designs, Perrin & Rowe's Armstrong collection transforms an industrial aesthetic into a model of timeless elegance. Manufactured in Wolverhampton, just a short walk from the old Great Western Railway works, the Armstrong defines a new category of Industrial Luxe.

THE DESIGN

The locomotives of Joseph and George Armstrong, intended only as durable workhorses, stir the emotions today, just as they first did 150 years ago.

The Armstrong brothers had a fierce pride in the Great Western Railway, and a desire to live up to the standards set by the architect of the line, Isambard Kingdom Brunel.

In creating the Armstrong collection, our designers had this philosophy in mind. To create a product that works effortlessly, yet appeals to the senses. An industrial aesthetic, made with a craftsman's attention to detail.

THE TECHNOLOGY

Engineered for modern living, the Armstrong collection is easy to install and effortless to use. Without compromise on style or finish, the collection incorporates the latest Perrin & Rowe innovative technology.

ARMSTRONG

SINGLE LEVER MIXER

The Armstrong Single Lever tap emphasises its durability with a distinctive solid brass lever, a single effortless control for temperature and flow.

Dimensions (mm):
W165 x H207 x D40

Finishes:

- Chrome
- Nickel
- Pewter
- English Bronze
- Gold
- Polished Brass
- Satin Brass

ARMSTRONG

DUAL LEVER MIXER

Delivering an elegant finish to your bathroom, the Dual Lever Mixer is the classic bathroom tap with individual hot and cold temperature control and flow.

Dimensions (mm):
W166 x H165 x D46

Finishes:

- Chrome
- Nickel
- Pewter
- English Bronze
- Gold
- Polished Brass
- Satin Brass

ARMSTRONG

WALL-MOUNTED SINGLE LEVER MIXER

The perfect space-saving option, with innovative 360° design technology for the handle to be installed on the left or right side of the spout.

Dimensions (mm):
W177 x H41 x D22

Finishes:

- Chrome
- Nickel
- Pewter
- English Bronze
- Gold
- Polished Brass
- Satin Brass

ARMSTRONG

WALL-MOUNTED DUAL LEVER MIXER

Offering design and function, the Wall-Mounted Dual Lever basin mixer comes with a dual control for a balanced look.

Dimensions (mm):
W190 x H47 x D22

Finishes:

- Chrome ● Nickel ● Pewter ● English Bronze
- Gold ● Polished Brass ● Satin Brass

ARMSTRONG

FREESTANDING BATH SHOWER MIXER

The Freestanding Bath Shower Mixer is a genuine statement piece featuring Perrin & Rowe's thermostatic technology, that comes with a hand shower. The ultimate showcase for the tapmaker's art: a true feat of engineering.

Dimensions (mm):
W335 x H958 x D54

Finishes:

- Chrome
- Nickel
- Pewter
- English Bronze
- Gold
- Polished Brass
- Satin Brass

ARMSTRONG

SHOWER SET

Finish off your bathroom with an Armstrong Shower Set, with a concealed valve. Featuring Perrin & Rowe's state-of-the-art thermostatic/pressure balance valve for a luxurious shower experience every time.

Dimensions (mm):

ROBE HOOK
W53 x H46 x D46mm

PAPER HOLDER
W147 x H98 x D46mm

SOAP DISPENSER
W150 x H75 x D120mm

Finishes:

- Chrome
- Nickel
- Pewter
- English Bronze
- Gold
- Polished Brass
- Satin Brass

FINISHES

CHROME

A brilliant silver with a hint of blue.

NICKEL

A shiny finish with a golden glow.

PEWTER

A brushed nickel with a matt appearance.

ENGLISH BRONZE

A metallic brown finish with subtle notes of orange and copper.

GOLD

Plated with 24 carat gold, pure yellow in colour, with a natural glow and high shine.

POLISHED BRASS

A warm finish with coppery undertones.

SATIN BRASS

A matt finish with strong undertones of yellow ochre.

Some finishes will change over time. For more information, visit our website.

Polished Brass, Satin Brass, English Bronze and 24-carat Gold are Special Finishes. We make these to order, and they may have longer delivery times than our Standard Finishes. Contact our Customer Services team for details.

TECHNOLOGY FOR MODERN LIVING

The Armstrong bathroom collection is designed for a seamless install and a luxurious shower experience using proprietary technology.

360° Technology

Designed for flexibility, the Armstrong wall-mounted basin mixer can be installed with the handle on the left or right side of the spout.

Perrin & Rowe R23 Valve System

The patented thermostatic/pressure balance shower valve offers stabilising water pressure for steady temperature performance, even in the event of a 50% water drop in pressure. Temperature, flow and divert options are effortlessly controlled.

BALANCING SPOOLS
Stabilises water pressure

TEMPERATURE SENSOR
For steady temperature performance

OUR PROMISE

All Perrin & Rowe products are designed and manufactured in Britain.

We are driven by engineering excellence.

We use state-of-the-art manufacturing technology to support our traditional methods and skills.

Our brassware is made from low lead brass of the highest quality available. The surface is plated to a thickness that exceeds industry standards, ensuring a deep, protective coating that is resistant to wear and pleasing to the eye.

We assemble our brassware by hand, and individually water-test each one.

Our levers and spouts include bearing rings and engineering 'O' seals to ensure maximum durability.

Perrin & Rowe brassware has a 'wobble-free feel'.

Our ceramic disc valves are tested up to 500,000 cycles and supplied by the world's leading ceramic cartridge manufacturer. On test, valves are repeatedly turned on and off with pressurised water to the equivalent of 25 years' use in a domestic installation.

Perrin & Rowe specifically manufacture for different markets around the globe. No additional adapters or converters are required for installation.

Our aim is to offer the world's finest range of kitchen and bathroom products.

Valid from 1st January 2023, this document supersedes all previous price lists and is subject to change without notice. Terms and conditions apply.

Visit www.perrinandrowe.co.uk for details.

SHOWROOMS

Perrin & Rowe products are available from bathroom retailers nationwide.

To find your nearest authorised showroom and view our wide range of products, visit the Find a Local Showroom page on our website.

Alternatively, visit our showroom at the Design Centre, Chelsea Harbour. Our team will be happy to advise you on design, specification and technical matters.

WELCOME TO THE HOUSE OF ROHL

The House of Rohl is a collection of artisan brands recognised for their artistry and heritage.

SHAWS FIRECLAY SINKS

The genius of founder Arthur Shaw was to identify the waste material extracted from the colliery at Darwen, as fireclay. In 1897 he established Shaws of Darwen to make use of it. Today, at the same factory in Northern England, Shaws' own Heavy Duty Fireclay is fired hotter and longer to produce kitchen and bathroom sinks with an incredibly durable finish.

RIOBEL CONTEMPORARY BRASSWARE

Quebec is where European culture meets North American spirit. In this vibrant city, Riobel design distinctive and innovative brassware, inspired by the sculptural forms of contemporary architecture. Beneath the surface, industry-leading engineering delivers performance and reliability. Riobel offers luxury designed to be lived with.

VICTORIA + ALBERT BATHS AND BASINS

To make beautiful baths and basins of the highest quality, Victoria + Albert developed their own unique material. Made from natural Volcanic Limestone™, QUARRYCAST™ is light, warm to the touch and incredibly strong. This gives Victoria + Albert's designers the freedom to create award-winning designs that can last a lifetime.
