The bathroom, the new heart of the house

In the expansive wave of water that gently falls into the sink, in the pulsation of the mirror that reflects our image, we connect to the strength that resides within us.

The bathroom is the new heart of the house. The sacred space where our dreams find their voice. Feel the heartbeat of LOGIKA, allowing every moment in the bathroom to recall the connection with our essence and our destiny.

The bathroom, the new heart of the house.

LOGIKA merges functionality with a design of straight lines, asymmetrical worktops and a discreet integrated handle.

It is the result of an idea of evolution in our way of understanding the bathroom, ceasing to be a purely functional room to become a space of well-being.

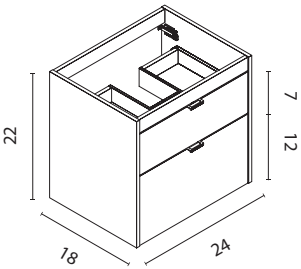

New metal drawer with premium aesthetics and two adjustment options, up-down and left-right. In Anthracite finish.

BAND

A photograph of a modern bathroom vanity. The vanity is a white, rectangular cabinet with a black countertop. A sleek, chrome faucet is centered on the countertop. Above the vanity, a rectangular mirror is mounted on the wall, framed by a thin, glowing light strip. The wall is a soft, light pink color. The overall aesthetic is clean and contemporary.
