Why choose Utopia?

Expertise

We've been at the forefront of the UK bathroom industry for over 30 years, during which time we've encountered every type and size of bathroom so can justifiably call ourselves the experts.

It's not just our ability to plan each and every bathroom, no matter what size or shape, it's our in depth knowledge of how the products in your bathroom will be used.

Quality

Your bathroom must be able to withstand daily use for many years to come. Our products are produced to exacting quality standards so you can buy with complete confidence.

Craft

We're proud to be a great British brand at the forefront of bathroom innovation. Our furniture is designed, manufactured and hand assembled in the Midlands from the best quality materials, resulting in beautiful products with the perfect functional performance to match.

Care

Our products are engineered with the bathroom fitter in mind so that installation is as straightforward as possible. Sustainability is at the heart of everything we do to ensure we make the minimal environmental impact. All our timber products are sourced from FSC® certified suppliers meaning the wood used in our factory is responsibly sourced from well-managed forests and other controlled sources^Δ. Total confidence in our products is reinforced by our comprehensive guarantee.

Our guarantee

We know you'll be happy with your Utopia bathroom, but for complete peace of mind we offer a 5 year guarantee on all Utopia furniture*, a 10 year guarantee on brassware**, a 30 year guarantee with all baths and a lifetime guarantee on sanitaryware.

All we ask is that you register your guarantee online once your bathroom project is complete.

Register your guarantee online at utopiagroup.com/guarantee

Inspiration

Bring your ideas closer to reality with Visualise - our online style planner. You can quickly and easily configure any of our ranges into any finish combination, and even see your creation with your choice of Utopia wall and floor tiles. Go to utopiagroup.com/visualise to try it for yourself. And when you're happy with your design, you can order free samples and even send your plan to your nearest Utopia retailer.

Proud to be an award-winning British manufacturer

ORIGINAL

FITTED FURNITURE

Choice, flexibility and achieving maximum storage are key to our fitted bathroom furniture ranges. Floor standing cabinets, plinths and cladding panels create a continuous run of furniture with an emphasis on maximum storage space and minimum clutter. Use i-Line panels and chunky 50mm worktops to create a contemporary framed look as highlighted below.

Choose a basin style

Offering a wide choice of basins, typically a semi-recessed (as shown), fabricated Coralux Solid Surface basin or an all in one integrated Coralux washbasin work surface

Premium feel

Soft close doors and drawers feature on every unit as standard

Quality built in

Sturdy 16mm internal carcass and shelves

Versatile storage

Units are designed to be fixed flush to each other, creating a wall-to-wall run of handy storage

Wall mountable

By purchasing a base wall hanging kit all units can be wall mounted to achieve a modular look

Fitter friendly

Pipework runs behind the unit and is hidden with a clip-on plinth

i-Line

A more contemporary look can be achieved by framing Original Fitted with chunky 50mm i-Line frames.

Thicker worktop

i-Line panels with a matching 50mm Laminate worktop, available in a wide range of finishes

So many options...

Choose any Original Fitted doorstyle, finish and handle option then add i-Line panels in the finishes available on page 11

Choose a basin style

Offering a wide choice of semi-recessed basins to choose from, see page 13 onwards for options

Step 1. Doorstyles

Our Original Fitted range features five distinctive and versatile doorstyles. Arabella and Zara feature a dedicated handle. Choose a doorstyle from the options shown below.

Arabella

With integrated recessed pull handle

Arabella integrated recessed pull handle available in four finishes. Matt White, Matt Black, Brushed Nickel and Brass

Zara

Features an integrated pull handle.

Zara features an integrated pull handle available in Chrome and Brushed Brass

Nadia

Choose from three dedicated Nadia handle styles, size depending on your door dimensions. Nadia Bar shown above

Clara

Choose any finish and any handle combination

Amelia

Only available in Eton Oak, English Parchment, English Pebble, English Duck Egg, Dorchester Oak and Richmond Walnut

Step 2. Door Finishes

White Gloss

Glacier Grey Gloss

Tuscan Gloss

Parchment Gloss

Midnight Grey Gloss

Super Matt Soft Touch

These innovative finishes are at the very forefront of material technology and offer a truly luxurious soft touch feel and a sense of quality. They feature a higher light absorption threshold giving that super matt finish while the micro-structure technology helps to reduce the impact of grease marks like fingerprints.

* The Original Fitted Amelia doorstyle is only available in these finishes, all other doorstyles are available in any of the above finishes. Original Fitted and i-Line fitted doors have a vertical grain direction, with the exception of Black Linear which is horizontal. We aim to represent the finishes in this brochure as accurately as possible. However, due to the limitations of the printing processes used we cannot guarantee a perfect match. Please visit www.utopiagroup.com/samples to request free samples of Utopia finishes.

Step 3. Carcass Finishes

Choose a carcass finish to complement your chosen door finish, grain direction as illustrated.
The back of your door will also match this finish.

Step 5. Handle Options

Choose a handle style to complement your choice of door. Zara and Arabella doorstyles both come with their own integrated handle. Nadia doors are designed to be used with the Nadia handle, but any style can be used. For Clara and Amelia choose from the below options.

All handles are included in the unit price

you can purchase extra handles from page 204.

- | | | | |
|---------------------------|------------------------------|------------------------------|--------------------------------|
| A. Nadia chrome bar | H. Crackle button | O. Matt black bar | V. Brushed brass classic T bar |
| B. Nadia chrome bow | I. Chrome round knob | P. Brushed brass knob | W. Chrome classic T bar |
| C. Nadia chrome quill | J. Arch bar handle | Q. Pewter Knob | X. Black ceramic oval knob |
| D. Chrome square flat bar | K. Chrome button knob | R. Matt black classic bar | Y. White ceramic oval knob |
| E. Bold chrome square | L. Crackle chrome bar handle | S. Brushed brass classic bar | Z. Vector 160 matt black |
| F. Classic crystal knob | M. Matt black knob | T. Chrome classic bar | AA. Vector 160 brushed brass |
| G. Crackle bar knob | N. Brushed brass bar | U. Matt black classic T bar | AB. Vector 160 brushed chrome |

Three handle options A, B and C are in various sizes to suit the Nadia doorstyle. Certain reduced depth unit doors with Nadia handles may not open fully if adjacent to deeper units. Nadia handles can be chosen for all other doorstyles but won't be pre-drilled. If you choose not to have a Nadia handle with a Nadia doorstyle these handles will not be pre-drilled.

How To Order Solid Surface Worktops

This page will help you to order perfectly fitted Solid Surface worktops, these examples reflect the most common configurations.

1. Choose your desired worktop either 20mm or 22mm
2. Choose the worktop finish
3. Select the type of profile required from the options highlighted below. 22mm available in Chamfered Profile and 20mm available in both Chamfered & Inverted.

Chamfered profile

A minimum 10mm overhang required on each open side

Inverted chamfer profile

A minimum 20mm overhang required on each open side

4. Please denote clearly the sides you require edging. Front edge always supplied as standard, the forward slashes show which edges are required to be profiled. Utopia recommend a minimum of 50mm extra when the worktop is being scribed to a wall.

Front only

All three edges

Left and front edge

Right and front edge

5. Please supply a dimensional drawing of the worktop required with the units clearly marked on so that we can check any discrepancies on your behalf. Please note the minimum overhang requirements denoted on step 3.
6. Please see the four most common worktop configurations below, showing the dimensions you need to supply when ordering your worktop.

7. Where a bow fronted worktop or fabricated bowl is required, please specify the centre from either end of the worktop. When ordering a bow fronted worktop or fabricated bowl, a 545mm deep worktop will be required as standard.

22mm Solid Surface Worktops

22mm Solid Surface in a range of finishes and depths. All prices include polished edges.
22mm Solid Surface has a 3mm solid surface veneer laminated on to an 19mm solid MDF core and protective backing sheet.
All worktops are hand edged and profiled to order, and are watertight. In multiple widths and depths with cutbacks and curved contours, it is available with a chamfered profile

Solid Surface worktops are designed to replicate natural surfaces and as a result may feature colour and tonal variations throughout. Marble effect Solid Surface worktop finishes do feature a pattern variation to mimic the pattern of natural stone and therefore will not be uniform in colour, tone or pattern.

20mm Marble Effect Solid Surface Worktop Finishes

Please note marble effect Solid Surface materials have pattern variation to mimic the pattern of natural stone.

20mm Solid Surface is a synthetic material made from an acrylic polymer. It has a solid core and features realistic fixed and random veining to replicate marble and granite. In multiple widths and depths with cutbacks and curved contours, it is available with a choice of edge profile – chamfered or inverted chamfer.

How To Order Solid Surface Worktops

This page will help you to order perfectly fitted Solid Surface worktops, these examples reflect the most common configurations.

1. Choose your desired worktop either 20mm or 22mm
2. Choose the worktop finish
3. Select the type of profile required from the options highlighted below. 22mm available in Chamfered Profile and 20mm available in both Chamfered & Inverted.

Chamfered profile

A minimum 10mm overhang required on each open side

Inverted chamfer profile

A minimum 20mm overhang required on each open side

4. Please denote clearly the sides you require edging. Front edge always supplied as standard, the forward slashes show which edges are required to be profiled. Utopia recommend a minimum of 50mm extra when the worktop is being scribed to a wall.

Front only

All three edges

Left and front edge

Right and front edge

5. Please supply a dimensional drawing of the worktop required with the units clearly marked on so that we can check any discrepancies on your behalf. Please note the minimum overhang requirements denoted on step 3.
6. Please see the four most common worktop configurations below, showing the dimensions you need to supply when ordering your worktop.

7. Where a bow fronted worktop or fabricated bowl is required, please specify the centre from either end of the worktop. When ordering a bow fronted worktop or fabricated bowl, a 545mm deep worktop will be required as standard.

22mm Solid Surface Worktops

22mm Solid Surface in a range of finishes and depths. All prices include polished edges.

22mm Solid Surface has a 3mm solid surface veneer laminated on to an 19mm solid MDF core and protective backing sheet.

Solid Surface worktops are designed to replicate natural surfaces and as a result may feature colour and tonal variations throughout. Marble effect Solid Surface worktop finishes do feature a pattern variation to mimic the pattern of natural stone and therefore will not be uniform in colour, tone or pattern.

20mm Marble Effect Solid Surface Worktop Finishes

Please note marble effect Solid Surface materials have pattern variation to mimic the pattern of natural stone.
20mm Solid Surface is a synthetic material made from an acrylic polymer. It has a solid core and features realistic fixed and random veining to replicate marble and granite.
In multiple widths and depths with cutbacks and curved contours, it is available with a choice of edge profile – chamfered or inverted chamfer.

Painted Perfection

The Roseberry collection features eight stunning specially selected painted solid timber doors. These finishes have been chosen specifically to complement the authentic period characteristics of the Roseberry range.

Cotton White

A soft off-white with an underlying warmth, perfect for creating an illusion of space.

Clotted Cream

Create the English country cottage feel with this elegantly understated finish.

Rose Quartz

Bold yet beautiful, Rose Quartz certainly makes a statement in any space.

Blue Lagoon

A pale blue, with an underlying tint of duck egg. Blue Lagoon brings calmness and serenity.

Peacock Blue

Peacock Blue is the perfect starting point when designing a statement bathroom.

Emerald Green

Introduce the natural calming shade of Emerald Green - stunning with brass accents.

Dove Grey

Accentuate the beautifully crafted characteristics of the Roseberry door with soft Dove Grey

London Grey

Turn up the contrast with London Grey, a firm favourite at Utopia. Guaranteed to create an impact.

Roseberry Fitted

Make the most of your bathroom using luxurious Roseberry fitted furniture, designed to fit any bathroom regardless of shape or size.

All in the detail

The curved Roseberry door also features the classic bordered panel design

Choose a basin style

Offering a wide choice of basins, typically a semi-recessed (as shown), drop-in or fabricated Coralux Solid Surface basin

Painted finish

Use painted Roseberry panels to create a fully co-ordinated look

Solid and sturdy

Door and drawer fronts are skilfully crafted using a four piece solid wood frame with a real wood veneered centre panel

Creativity meets versatility

Choosing Roseberry Fitted furniture gives you the freedom to design the perfect bathroom for you and your family. Furniture units in different widths, depths and heights with matching cladding panels allow you to fit exactly the space you have, no matter how quirky, and lots of shelf and drawer space will keep your dream bathroom looking sensational.

How To Order Solid Surface Worktops

This page will help you to order perfectly fitted Solid Surface worktops, these examples reflect the most common configurations.

1. Choose your desired worktop either 20mm or 22mm
2. Choose the worktop finish
3. Select the type of profile required from the options highlighted below. 22mm available in Chamfered Profile and 20mm available in both Chamfered & Inverted.

Chamfered profile

A minimum 10mm overhang required on open sides

Inverted chamfer profile

A minimum 20mm overhang required on open sides

4. Please denote clearly the sides you require edging. Front edge always supplied as standard, the forward slashes show which edges are required to be profiled. Utopia recommends a minimum of 50mm extra when the worktop is being scribed to a wall.

Front only

All three edges

Left and front edge

Right and front edge

5. Please supply a dimensional drawing of the worktop required with the units clearly marked on so that we can check any discrepancies on your behalf. Please note the minimum overhang requirements denoted on step 3.
6. Please see the four most common worktop configurations below, showing the dimensions you need to supply when ordering your worktop.

7. Where a bow fronted worktop or fabricated bowl is required, please specify the centre from either end of the worktop. When ordering a bow fronted worktop or fabricated bowl, a 545mm deep worktop will be required as standard.

22mm Solid Surface Worktops

22mm Solid Surface in a range of finishes and depths. All prices include polished edges.

22mm Solid Surface has a 3mm solid surface veneer laminated on to an 19mm solid MDF core and protective backing sheet.

All worktops are hand edged and profiled to order, and are watertight. In multiple widths and depths with cutbacks and curved contours, it is available with a chamfered profile

POA for Solid Surface required at a larger depth than 545mm.

Solid Surface worktops are designed to replicate natural surfaces and as a result may feature colour and tonal variations throughout. Marble effect Solid Surface worktop finishes do feature a pattern variation to mimic the pattern of natural stone and therefore will not be uniform in colour, tone or pattern.

20mm Marble Effect Solid Surface Worktop Finishes

Please note marble effect Solid Surface materials have pattern variation to mimic the pattern of natural stone.
20mm Solid Surface is a synthetic material made from an acrylic polymer. It has a solid core and features realistic fixed and random veining to replicate marble and granite.
In multiple widths and depths with cutbacks and curved contours, it is available with a choice of edge profile – chamfered or inverted chamfer.

Solid Surface worktops are designed to replicate natural surfaces and as a result may feature colour, tonal and pattern variations throughout.

Door and cladding panel finishes

Gloss

Super Matt Soft Touch

These innovative finishes are at the very forefront of material technology and offer a truly luxurious soft touch feel and a sense of quality. They feature a higher light absorption threshold giving that super matt finish while the micro-structure technology helps to reduce the impact of grease marks like fingerprints.

Matt

Patterned & Textured

Note: Symmetry cladding panels have a Graphite reverse finish.

Solid Surface worktops are designed to replicate natural surfaces and as a result may feature colour and tonal variations throughout. Marble effect Solid Surface worktop finishes do feature a pattern variation to mimic the pattern of natural stone and therefore will not be uniform in colour, tone or pattern.

20mm Marble Effect Solid Surface Worktop Finishes

20mm Solid Surface is a synthetic material made from an acrylic polymer. It has a solid core and features realistic fixed and random veining to replicate marble and granite. In multiple widths and depths with cutbacks and curved contours, it is available with a choice of edge profile – chamfered or inverted chamfer.

How to order your You furniture

Step 1. Door Finishes

Super Matt Soft Touch

Matt White Blush Sea Green Azure Blue Storm Grey

These innovative finishes are at the very forefront of material technology and offer a truly luxurious soft touch feel and a sense of quality. They feature a higher light absorption threshold giving that super matt finish while the micro-structure technology helps to reduce the impact of grease marks like fingerprints.

12mm Compact Laminate Worktops

12mm Laminate in a range of finishes and depths. Not suitable for use with semi-recessed basins.

12mm Compact Laminate is made from pressurised multiple layers of resin impregnated craft papers with a decorative surface on both sides. The core 12mm thickness is a solid colour designed to complement the surface décor while the surface is embossed with the stone effect pattern for an exceptionally realistic look.

How to order your Geo furniture

Step 1. Geo Solid Surface Finishes

Step 2. Geo Door Finishes

Gloss

Super Matt Soft Touch

These innovative finishes are at the very forefront of material technology and offer a truly luxurious soft touch feel and a sense of quality. They feature a higher light absorption threshold giving that super matt finish while the micro-structure technology helps to reduce the impact of grease marks like fingerprints.

Resinite

BATH TECHNOLOGY

Utopia baths feature a Resinite coating for increased surface durability and a long life

All Utopia baths feature Resinite Bath Technology which provides triple layer reinforcement and a 5mm ICI acrylic top coat giving extra strength, rigidity and longevity.

Utopia baths are different

Utopia baths are made in the UK to the very highest standards. Our stringent quality control procedures ensure that each bath is checked thoroughly at every stage of manufacture.

Resinite coated baths offer the strength and rigidity normally associated with their heavier cast iron counterparts. The entire underside of each bath is coated in a layer of Resinite which provides excellent insulation properties, meaning your bath retains heat more efficiently, staying hotter for longer.

Price

ACC00001

65mm Diameter

€76.26

Discreetly styled

With a white coloured face to be as subtle as possible, the sensor can be sited on any ceiling or flat surface.

Integrated timer

Select duration of illumination in your bathroom.

Discreet

Smaller than an average spotlight.

Simple to use

Easy removal of the sensor face to reveal control panel.

Perfect your lighting

Set the controls to suit your lifestyle, located behind the sensor's face.

Lux adjustment

The above setting position would activate the sensor, whatever the lighting conditions.

Time delay adjustment

The above setting position would ensure that the lights remain on for 3 minutes after the last movement in the room is detected.

Lux control can be specifically set to only activate at night time, if desired.

Choose from 10 seconds to 15 minutes time delay illumination

Smaller than an average spotlight

Operating distance of up to 6 metres

Sensor can be used to activate up to 800 watts of lighting

Sensor can be wired to illuminate feature lighting, ceiling lights, mood lighting or all lighting in your bathroom

Control lighting in your bathroom by simply entering the room

We do not recommend the room motion sensor is used to operate any items with Bluetooth connectivity

Handle Overview

All handles are included in the unit price, you can also purchase extra handles should you so wish.

Choose a handle style to complement your choice of door from the matrix below.

Zara and Arabella doorstyles

From the Original Fitted Collection both come with their own integrated handle, in a choice of finishes.

Nadia doors

Designed to be used with the Nadia handle, but any style can be used, although these will not be pre-drilled for. The three Nadia handle options Bar, Bow and Quill are in various sizes to suit the Nadia doorstyle. Certain reduced depth units doors with Nadia handles may not open fully if adjacent to deeper units. Nadia handles can be chosen for all other doorstyles but won't be factory fitted. If you choose not to have a Nadia handle with a Nadia doorstyle these handles will not be factory fitted.

Clara and Amelia doorstyles

Choose from the below options, except door specific handles.

Bathroom Electrical Zones

Utopia cabinets with electrical components are not suitable for use in zones 0, 1 or 2.

The bathroom zones are shown in the diagram below and where electrical components can be fitted.

Zone 0

Covers the areas inside the bath or shower area. If you decide to illuminate this area the fittings must be low voltage and must have a minimum rating of IP67 making them immersion proof.

Zone 1

Covers the area directly above the bath or shower area to a height of 2.25m from the floor. A light with a minimum IP44 rating is required for this area. If the light uses 240V supply, a 30ma RCD (residual current device) must be used to protect the circuit in this zone.

Zone 2

Covers the area 0.60m outside the bath's perimeter and to a height of 2.25m from the floor. As with Zone 1, a minimum IP44 rating is required for this area.

Outside Zones

Outside zones cover areas which fall outside of Zone 0,1 and 2 and are well away from any contact with water. No IP ratings are required for light fittings in this area.

Terms and conditions

TERMS AND CONDITIONS

We hope you found our brochure inspirational and informative. We make every effort to display colours accurately, but cannot guarantee an absolute match on our website and in our printed material so you may find that products vary slightly in colour. Many of our products are made to order, meaning that some of our product sizes and measurements indicated in our promotional material may be subject to slight variation and we'd ask you to plan accordingly. All orders for furniture as well as bespoke worktops including the Integrated Coralux washbasin work surface cannot be cancelled or amended once they have been submitted to our manufacturing department.

SAMPLE SERVICE

You will find displays of our furniture styles, colour samples of finishes, worktops and tiles are available to view at over 550 Utopia specialist retailers across the UK. To find your nearest showroom visit our website. We also offer a free online sample service where you can order your preferred colours of finishes and worktops from our website to review in the comfort of your home.

GENERAL GUARANTEE TERMS

All Utopia products are designed and manufactured to comply with or exceed accepted industry standards and tolerances. In the unlikely event that a product fails to meet our high expectations it will be replaced free of charge. Any product deemed to fall within accepted standards and tolerances will be subject to a replacement fee.

GENERAL GUARANTEE:

1. Applies when:

1.1 Products are installed correctly in accordance with our fitting instructions and are for domestic use in a room with suitable ventilation; we highly recommend the use of an extraction fan.

1.2 Cisterns and taps are fitted in accordance with current local and national water regulations.

1.3 Furniture is not used in a wet room environment or in frequent direct contact with water.

1.4 Coralux Solid Surface products have been stored correctly in accordance with our packaging instructions; specifically these must be stored flat at normal room temperature prior to installation to avoid any distortion.

2. In the event of a product failure within the guarantee period (from the date of purchase) Utopia will supply a free of charge replacement for the failed item. If that part is no longer available, a nearest equivalent replacement will be supplied. Our guarantee is limited to the products supplied and does not cover any associated installation costs, consequential loss or damage claims.

3. The terms of this guarantee do not affect consumer statutory rights.

4. Any guarantee is limited to the original purchaser, is non-transferable and does not cover the purchase of ex-display items.

5. To obtain replacement parts in accordance with the terms of this guarantee, please contact the retailer who supplied the products.

6. Product guarantees may be invalidated through incorrect care and maintenance procedures. These are contained in the original product packaging and are also available from our Customer Services team.

7. All electrical installations must be carried out by a suitably qualified electrician. Your guarantee does not cover products incorrectly installed.

BATHROOM FURNITURE

Utopia furniture has been specifically designed and manufactured for performance in general bathroom use and carries a 5 year guarantee. All bathroom furniture will deteriorate through prolonged periods of exposure to high levels of condensation so bathrooms must be adequately ventilated using a suitable extraction fan to avoid this. Failure to ensure adequate ventilation may invalidate your guarantee. Bathroom furniture is not specified or designed for use in areas of regular or direct contact with water, particularly in wet room environments or where direct and/or regular water contact is prevalent. Any guarantee does not extend to this use. In respect of furniture containing electrical components, these items are unsuitable for zones 0, 1 & 2 installations. If you are in any doubt, please consult a qualified electrician. Please refer to individual product pages within the Utopia price list for IP rating information or bathroom zone suitability.

CARCASS MATERIAL

Many of our finishes are intended to replicate natural materials such as wood and stone where pattern and shade variation are distinct parts of the design.

CORALUX SOLID SURFACE PRODUCTS

Some of our Solid Surface worktop range is designed to replicate natural stone material and is subject to colour, tone and pattern variation. Coralux Solid Surface products are fabricated and finished by hand to individual order requirements and carry a 5 year guarantee. We strongly recommend you agree the measurements of any Solid Surface items against our order confirmation, as it may not be possible to make further amendments to orders after this stage, at which point any order becomes chargeable in full. If amendments are possible, charges may apply based on the stage of manufacturing completion at that time.

MINERALCAST PRODUCTS

Mineralcast products carry a 5 year guarantee and are supplied with a 2% dimensional tolerance.

BATHS

Baths are supplied with a 30 year guarantee against manufacturing defects. All baths are supplied undrilled. All baths are manufactured and supplied using high quality 5mm cell cast acrylic, are fully reinforced with Resinite technology and are delivered with a protective film to prevent scratching.

SHOWER SCREENS

All shower screens are supplied with a 5 year guarantee against manufacturing defects. All shower screens are supplied with 8mm toughened glass (except Symmetry with 6mm) and Clearshield technology, a permanent water repellent coating that reduces the growth of bacteria and mould. These products can be susceptible to damage during installation and any product faults must be reported prior to installation.

SANITARYWARE

Utopia sanitaryware carries a lifetime guarantee against manufacturing defects with the exception of the Quinn sit-on basins which carry a five year guarantee (dedicated Quinn waste covers 2 years) and is supplied with a 2% dimensional tolerance.

Installation must be in accordance with the instructions provided and failure to comply with these may invalidate the guarantee.

In respect of wall-hung products, recommended fixing brackets and frames must be used. These are not included with our wall-hung pans.

TOILET SEATS

A 2 year guarantee applies to all toilet seats and related components. It is the responsibility of the consumer to ensure that suitable cleaning products are used. Do not use abrasive cleaning products or cleaning products that contain chlorine or acids, as these may cause yellowing or peeling of the material. After cleaning, wipe the seat with a well wrung out cloth. Leave the seat and lid up whenever strong cleaning products are left in the bowl of the toilet pan to prevent damage from vapours.

CONCEALED CISTERNS

Concealed cisterns carry a 5 year guarantee against manufacturing defects. It is the responsibility of the individual installer to ensure that these products are fitted correctly and in line with the instructions provided.

BRASSWARE

Brassware products are either suitable for high or low pressure, some are suitable for both so please refer to the product description for further information.

Brassware carries a 10 year guarantee on brassware and a 5 year guarantee on cartridges against manufacturer defects. Black and Brass finish brassware carries a 2 year guarantee.

TILES

We carefully select our range of tiles to co-ordinate with our furniture, however the production method of tiles mean that shading and colour may vary across different production batches. Order fulfillment will be from a single production batch wherever possible. We recommend taking all the tiles out of the box before installation and installing them according to slight shade differences rather than installing them directly from the box one by one. We recommend that you keep a note of your batch number in case additional tiles are required. Time difference from the original order will reduce the likelihood of the same batch being available. Our tile collection contains both wall and floor tiles. Floor tiles can be used on the walls but wall tiles are unsuitable for use on floors.

In line with our restocking policy, a minimum of two full, unopened boxes can be returned within 28 days of purchase, subject to the tiles and packaging being in a resaleable condition from the same batch and same original order.

COMMERCIAL APPLICATIONS

A 12 month guarantee applies to all products fitted in a commercial environment.

CARE AND MAINTENANCE

We always aim to provide the best quality products but there are occasions when this isn't possible. We have found that most issues stem from poor ventilation in bathrooms. We recommend that you ensure your bathroom is well ventilated using a suitable air extraction fan before our products are fitted. We regret that we cannot guarantee our products if they have been fitted in a poorly ventilated bathroom. Our specialist retail showrooms can provide advice and help you make the right ventilation choices.

With proper care and maintenance your bathroom products will last for years to come. The best and safest cleaning method is to use only warm water or pH neutral cleaner with a soft clean cloth. Never use an abrasive cloth. Never use chlorine, caustic, acid or alkaline based cleaners.

OUR ENVIRONMENTAL COMMITMENT

Sustainability is high on our agenda and we strive to make the least environmental impact. From the wood we use, the energy we consume, to our transport logistics, we take care to ensure we operate as responsibly as possible.

The information contained in this brochure is correct at the time of print as of September 2023. However, we reserve the right to alter materials and specifications in line with our continuing programme of product and service development.

HOW TO ACTIVATE YOUR UTOPIA GUARANTEE

Once your bathroom has been installed remember to activate your guarantee on our website. You will need to include the name of the Utopia retailer you purchased from.
